A TEMAZCAL IMMERSIVE EXPERIENCE

Temazcal is a mystical experience that purifies inside and out. This ritual consists of a process of purification and healing that helps to find your roots. Representing the four elements of the Earth, the Temazcal has been for centuries a special space where the four elements are combined: Earth, Air, Water, and Fire. Afterward, you can rest and refresh yourself in the relaxation area while enjoying an infusion to balance your body and seasonal fruit.
